DOOR ACCESSORIES

Extra security options for hotel doors.

Providing your guests safety is an important factor for a pleasant stay. Your guests can store personal items safely in the BE DUTCH hotel safes.

Your doors are locked safely with hotel locks from HOTEK Keycard systems. Our door accessories are items that complete the safety and privacy of your guests. Door chains, door scopes and ventilation locks enable the guest to see who is on the other side of the door, without having to open the door completely. Small items, great comfort.
