Foldaway bed

HOTELLO NEW EDITION
turn a double room
easily into a family room

HOTELLO NEW EDITION

Turn a double room easily into a family room.

With a Be Dutch Hotello New Edition foldaway bed you can easily transform a double room into a family room. The Hotello foldaway beds take up little space when folded. The foldaway beds are fitted with a dust cover as standard that makes them easy to store in a closet or linen room.

If you have these beds available in your hotel, resort or guest house, you can accept reservations for extra people in your standard double or family room. Your guests will appreciate the fact that their children can sleep safely and comfortably during their stay. The foldaway beds are suitable for children and adults (up to 120 kg). The durable metal frame guarantees high quality and the mattress is fire retardant. Equipped with high-quality ball bearing rubber wheels for easy movement.
